Let's get ready

This lesson is about:

- **Understanding the value of teamwork in achieving common goals.**
- **Learning how motivation and leadership contribute to team success.**

**Co-funded by
the European Union**

Let's start

Inspire your team:

“A bug’s life: The Leaf”

Co-funded by
the European Union

- Before you see the video, be aware that you can face difficult situations but look at the ants in the video and see how they act
- https://www.youtube.com/watch?v=L26U_gBfnPw&list=PLEwjxZc4tecrEceH1I0MPAeKm-KUg_tuv&index=2
- The ant has been able to model, lead the way, enable, encourage!

The been jar

**Demonstrate how teamwork leads to better decision-making
and problem-solving**

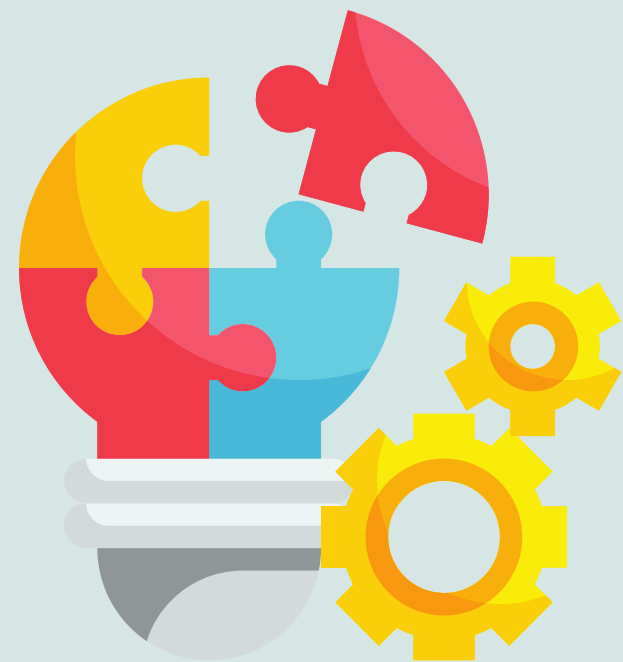

**You will develop: Decision Making, Problem Solving, Team
Building,
Critical Thinking, Communication**

Co-funded by
the European Union

**Estimate the number of beans in a jar individually!
Work in pairs, then larger groups (4, 5, etc.) to reach
consensus!**

**Compare individual vs group guesses to show the
effectiveness of collaboration.**

Let's discuss

1.  How did your estimate change during the activity? Why?
2.  Was your individual guess or your group's guess closer to the actual number?
3.  Which group size felt most comfortable for you? Why?
4.  How did your group make the final decision? Was it different in smaller or larger groups?
5.  Can you give an example when teamwork helped you get a better result?

Let's reflect

- I can estimate and improve my guess through teamwork.
- I can collaborate with others to reach a group decision.
- I can explain how our team's strategy changed as the group got bigger.
- I can identify which group size I work best in and explain why.
- I can reflect on how teamwork helped us get closer to the correct answer.
